Martin Mateju

Software Engineer

Česko

Souhrn

Originally, I started as a business student, however my personal interests brought me to study Computer Science. Over the years of my education I've gained skills and experience within the area of software design, large scale systems, big data and machine learning. I enjoy working as a developer, especially when I get a chance to work on complex tasks or learn something new.

Pracovní zkušenosti

Amaris Consulting

Software Developer

března 2022 - října 2024 (2 roky 8 měsíců)

Prague, Czechia

Working as a software developer in automotive industry. Currently I'm working with meta programming system e.g. JetBrains MPS.

MountainLift

Software Developer

října 2022 - prosince 2022 (3 měsíce)

Prague, Czechia

Oracle

Software Developer

února 2020 - ledna 2022 (2 roky)

I joined Tooling and Automation team, where I work as a full-stack developer using Python and ReactJS.

SMART-TRIAL

Junior Software Developer

října 2018 - ledna 2020 (1 rok 4 měsíce)

Aalborg, Northern Region, Denmark

I joined MEDEI ApS as a full-stack developer to support development of SMART-TRIAL project. I worked primarily with MEAN stack (AngularJs, Express, NodeJS/Typescript, MongoDB).

Intel Corporation

Student Software Developer C++

června 2017 - září 2018 (1 rok 4 měsíce)

Aalborg

I was a member of the antenna tuning team at Intel Mobile Telecommunications in Aalborg, where I worked as a tooling developer for the antennas and as an administrator of prior antenna tools generations. I worked primarily with C++(Qt framework), Python, Matlab.

InterContinental Hotels & Resorts

Sales and Marketing - Intern

srpna 2014 - října 2014 (3 měsíce)

Hlavní město Praha, Česká republika

During my internship period I was a part of the Sales & Marketing Department at InterContinental Prague Hotel for 3 months. During my internship, I worked mainly with hotel booking and sales programs. Furthermore, I assisted with the preparation for the hotel's 40th anniversary, where I researched for the suppliers and negotiated prices with them. In addition to that, I assisted with the marketing plan for the anniversary of the hotel.
